ECLIPSE

by David Rockwell

Simplicity meets innovation in ECLIPSE by David Rockwell. The iconic silhouette is a cylindrical form with a curved, carved channel—an inflection point that perfectly meets the hand's grasp. Simple, sculptural tooling offers both a square and round return option for a distinctive profile. The sublime finish creates soft lines that ensure a perfect ergonomic grip. The door handle is manufactured as one piece, allowing the moon-like detailing to continue seamlessly along the entire length of the arm and over the curve to the start of the neck.

ECLIPSE

by David Rockwell

FORMANI®

David Rockwell

New York, USA, 1956

Design philosophy: It's about observing a situation - a process, object or place - and believing it can better.

Formani and David Rockwell have established their first design collaboration, which resulted in the 'Eclipse' hardware collection. 'We approached our design concept like we would for an interactive set piece on stage—transforming something everyday into a special object that marks a transition and transformation in a wide range of interiors,' said David Rockwell, founder and President, Rockwell Group. "With an inflection point that responds to the human touch, Eclipse is a pleasure to use as well as observe."

Brand story

FORMANI has evolved considerably over the last few decades – from a Dutch family business to an internationally renowned designer brand, from door handles to total design concepts, from product development to collaborations with world-class designers. It was an evolution driven by pure ambition and courage. Our motto, ‘Obsessed with details’, epitomizes everything we do, from product to process, from strategy to service. Because it is these details that make the difference between good and perfect. At FORMANI, good is the enemy of great.
